THE STORY

It's been several years since peace settled in Metro City. With Cody and Jessica on vacation and Guy resuming his training out of town, everything seems to be in order. But recently, Haggar is feeling uneasy after learning that Mad Gear was not completely destroyed.

Once again the Mad Gear Gang has emerged and this time they want revenge. They'll stop at nothing to bring Haggar and the entire world down to its knees. This time they've kidnapped Guy's master, Genryusai and his daughter, Rena.

Now Haggar must travel the four corners of the globe to search for Genryusai and Rena. With the help of Maki and Carlos, the reign of the Mad Gear Gang will hopefully be destroyed.

BOSS CHARACTERS

Won Won
Height: 7'4"
Weight: 450 lbs.

Won Won was an excellent Chinese chef. But after being influenced by the Mad Gear Gang, he has gone rotten. Be careful not to get too close or he'll slice you up and serve you as stir fry!

Freddie
Height: 6'4"
Weight: 408 lbs.

While Freddie was in the Navy SEALs, he punched out one of his superiors. This lead to his discharge by the Navy. Now as a freelance mercenary, Freddie was hired by the Mad Gear Gang to head their terrorism unit.

Bratken
Height: 6'7"
Weight: 434 lbs.

Bratken is a psychotic overgrown boy who loves to play with toys. To have Bratken join the gang, some gang members bribed him by locking him in a room filled with toys. Now he's bored and wants to get out of the room. Don't let him see you or he may think you're a teddy bear.
Philippe
*Height: 5'8"*  
*Weight: 148 lbs.*

Philippe may look like your typical fun-loving circus clown, but his demented mind has led him to join the Mad Gear Gang. Now he's financially supporting the gang by smuggling illegal items through the circus. Be careful, he may use a cane to walk but he doesn't limp.

Rolent
*Height: 5'9"*  
*Weight: 187 lbs.*

Rolent is another gung-ho reject from the special forces. He's been hired to train the gang members the proper tactics of survival. He's equipped with deadly grenades and he's not afraid to use them.

FIGHTING TACTICS

Wait until your strength meter is low before you pick up any food. Try not to stand toe-to-toe with any of the bosses. Instead try the hit and run tactic.

There's a certain amount of hits you can apply to an enemy before you knock them down. Find deadly combinations of hits for maximum damage.

Remember, your enemies are as tough as you are. It takes quite a number of hits before you knock them out.

Be careful about using any of the players' super moves. Each time you use them they will deplete your energy.
